OPENING

Preamble

We, the members of Naija FC Columbus, adopt this Constitution and Rules & Regulations to build a football club founded on unity, discipline, respect, safety, fairness, accountability and brotherhood.

Naija FC Columbus is a community football club for Nigerian men in Columbus, Ohio. Nigeria is made up of many ethnic groups, languages, cultures, religions, regions and traditions. That diversity is a strength and must never be used to divide the club.

We will compete with passion, and we will not let football rivalry, personal disagreements, ethnic identity, friendship groups, money or leadership ambitions destroy our unity.

A respected club is built on the character of its members, not only their talent. Every member is responsible for protecting the safety, dignity, reputation and future of Naija FC Columbus.

"Football may bring us together, but character will keep us together."

Foundational Principle

The club belongs to all of its members together. No individual, family, friendship group, ethnic group or leadership faction owns Naija FC Columbus or has a permanent right to control it.

Supremacy of This Constitution

All members, players, coaches, captains, officers and committee members are bound by this Constitution.

If a league, facility, referee authority, insurance requirement or law sets a stricter requirement on a specific matter, that stricter requirement applies to that matter.

Match-Day Operations

SECTION 1 Match Check-In

Players must check in with the designated match-day coordinator when they arrive. Arrival order is based on when a player is physically present and checked in, not when he sends a message saying he is on the way.

SECTION 2 First 22 Rule

KEY RULE

For organized full-sided practice games or internal scrimmages, **the first 22 eligible players to physically arrive and check in form the initial 22-player match group.** In an 11-versus-11 format, those 22 players form two teams of 11, using the method chosen by the coach or match organizer.

This rule is designed to encourage punctuality, reduce arguments, reward commitment, and create a clear and transparent system.

The First 22 Rule does not override safety requirements, suspensions, league rules, facility rules, eligibility requirements or referee decisions.

SECTION 3 More Than 22 Players

When more than 22 eligible players arrive, those beyond the first 22 join the rotation/substitution group. The coach or match organizer will set a reasonable rotation system.

SECTION 4 Official League Matches

For official league or tournament matches, the club follows the competition's roster, eligibility, substitution and match-day rules. Where league rules differ from this internal practice-game policy, league rules take precedence.

SECTION 5 Late Arrival

A player who arrives after the first 22 places are filled should not demand immediate inclusion or replace a player who arrived earlier. The organizer may make an exception when a change is needed because of injury, safety, team balance, competition requirements, or other legitimate organizational reasons.

VII

The following are prohibited:

1. Two-footed challenges.
2. High-foot challenges likely to endanger another player.
3. Late challenges intended to intimidate or injure.
4. Reckless tackles from behind.

SECTION 3 Safety Authority

- Follow facility requirements.
- Follow league equipment rules.
- Remove jewelry or other unsafe items when required.

No player may be selected, excluded, benched or given special treatment because of tribe, friendship, family relationship, financial contribution or personal loyalty to a leader.

SECTION 6 Playing Time

Membership does not guarantee unlimited playing time. Coaches and managers may make reasonable football decisions while treating all players with respect and applying the club's fairness principles.
